

These day / night PTZ cameras allow you to pan, tilt, or zoom up to 216X total zoom (total zoom = optical zoom X digital zoom). The cameras are made with solid metal housings - not cheap plastic units that will crack and discolor in the sun. With a Sony brand CCD you will not sacrifice quality for price.

Product includes

- Wall bracket
- Ceiling bracket
- Heater / blower
- Power supply

Specifications

Image sensor:	1/4" Super HAD SONY CCD
Pixels:	768x494
Resolution:	520 TV Lines
SN Ratio:	> 48db
Power Supply:	24V AC
Power Consumption:	30W (with fan/heater)
Weight:	4 KGS (about 9 lbs)
Video Output:	1.0Vp-p 75ohm
Interface:	RS485 (Pelco-D)
Focus:	Auto/Manual
Iris:	Auto/Manual
Connection type:	BNC
White Blc, Gain, AE Control:	Auto/Manual
